Insight Institute of Management and Technology Sri Lanka

IIRC2025

Insight International Research Conference 2025 (IIRC2025)

“Technological Interventions for Sustainable Development”

Date:

25th January 2025

Venue:

Insight Technology Campus, Mawanella, Sri Lanka

Mode:

Physical/ Online

<https://insightedu.lk/conference/iirc2025>

About the Institute

The Insight Institute of Management and Technology is a not for profit educational institution registered as a guaranteed company in Sri Lanka under the Companies Act of 2007. The Institute is managed by a Council of Management consisting of academics, businessmen and professionals.

Insight has established campuses in Mawanella, Puttalam, Colombo and Akurana. All its campuses are registered with the Tertiary and Vocational Education Commission (TVEC), Sri Lanka, and the majority of the courses offered are accredited by the same.

The Institute plans to offer degree programmes in Information and Communication Technology (ICT) in collaboration with reputed overseas universities. Currently, the Institute conducts lectures for students preparing for the Bachelor of Information Technology degree (externally offered by the University of Colombo, School of Computing) and also offers Diploma and Certificate level courses in Computer Studies, Automobile Technology, Building Services Technology, Business Management, Early Childhood Education, and other subjects.

About the Conference

In our increasingly interconnected and digital world, technology, especially Information and Communication Technology (ICT), has become an indispensable tool for shaping the course of economic development. This conference aims to provide a platform for experts, scholars, and practitioners from diverse fields to converge and deliberate on the transformative potential of technology in fostering sustainable development globally. By exploring innovative applications, discussing policy implications, and sharing success stories, this conference seeks to not only showcase the pivotal role of technology in driving progress but also to identify opportunities for collaboration and knowledge exchange that can propel our nation towards a brighter and more digitally empowered future.

The 2030 Agenda for Sustainable Development, adopted by all United Nations Member States in 2015, provides a shared blueprint for peace and prosperity for people and the planet. At its core are the 17 Sustainable Development Goals (SDGs), which are an urgent call for action by all countries developed and developing in a global partnership (sdgs.un.org/goals). As the world navigates complex challenges and opportunities, harnessing the power of technology is paramount in achieving inclusive, prosperous and sustainable development, making this conference an invaluable forum for advancing collective understanding and action in this crucial domain.

In this context, the Insight Institute of Management and Technology considers hosting its second Research Conference, Insight International Research Conference 2025 (IIRC2025) on "Technological interventions for Sustainable Development" a timely and imperative endeavour.

The Conference will be conducted on a hybrid mode with physical sessions conducted at the Insight Technology Campus, Mawanella and online where guests and participants will interact virtually in a Zoom platform. The conference language will be English.

Conference registration and participation are free with timely registration.

Keynote Speaker

Professor Asoka Karunananda
Department of Computer Mathematics,
Faculty of Computing,
University of Moratuwa,
Moratuwa, Sri Lanka.

Objectives of the Conference

1. To facilitate the exchange of cutting-edge research, best practices, and innovative ideas among researchers, scholars, and industry experts in the field of technology in general, and ICT in particular, for sustainable development as defined by the United Nations SDGs.
2. To create a platform for participants to critically examine and discuss the role of technology in addressing practical solutions and policy recommendations.
3. To encourage the establishment of collaborative networks and partnerships among researchers, institutions, and industry stakeholders to promote technology-driven solutions that contribute to sustainable development goals.

Conference Tracks

Information and Communication Technology

Innovations and Technological Interventions

Sociocultural, Economical, and Environmental Aspects of Technological Development

Challenges in the Application of Technology

Conference Participation

We request you to submit an extended abstract of your contribution and participate in the Conference. Your extended abstract will be published in the IIRC2025 Conference Proceedings which will be disseminated as an e-publication with the ISSN number 3021-6672. All contributions will be subjected to double blind review and considered on merit for inclusion in the Conference.

After reviewing the extended abstracts, the Conference Committee will select contributions that are suitable for presentation at the Conference. Contributors will then be notified of the next steps to complete their Conference registration and participation.

Awards

All presenters at the conference will receive e-certificates. The best presenter in each session will be awarded "The Best Presenter Award".

Guidelines for Submission of Extended Abstracts (<https://insightedu.lk/conference/iirc2025/>)

- Please follow the Guidelines for Submission of Extended Abstracts.
- Download the extended abstract template and develop the extended abstract accordingly.
- You may submit your extended abstract through the conference management system at -> <https://www.easychair.org/my/conference?conf=iirc2025> (Download user manual for Easy Chair)
- Download the declaration form, complete it and email to: secretary-iirc@insightedu.lk

Review Process

All extended abstracts will be evaluated through double blind review process.

KEY DATES

Registration Start Date	: 30 th of September 2024
Last Date for Submission of Abstract	: 31 st of October 2024
Notification of Acceptance of Abstract	: 15 th of December 2024
Last Date to submit the camera ready copy	: 31 st of December 2024
Final Date for Submission of Presentation	: 15 th of January 2025

Conference Chair

Professor Dr. MMM Najim
Professor in Agritechnology
Faculty of Agriculture
Sultan Sharif Ali Islamic University (UNISSA),
Brunei

Conference Organizing Committee

Prof MMM Najim, Sultan Sharif Ali Islamic University (UNISSA), Brunei (Chairman)
Dr R Abeysekare, British College of Applied Studies, Colombo, Sri Lanka
Dr Faiz Marikar, Kotelawala Defence University, Colombo, Sri Lanka
Prof Faseeha Noordeen, Faculty of Medicine, University of Peradeniya, Sri Lanka
Dr MCM Iqbal, Retired Scientist, National Institute of Fundamental Studies, Hantane, Sri Lanka
Dr K Kumar, Department of Software Systems, Vellore Institute of Technology, Vellore, India
Dr A Mohideen, School of Computing, University of West of Scotland, United Kingdom
Dr M Muneeb Musthafa, Faculty of Technology, South Eastern University, Sri Lanka
Dr Ms BGN Sewwandi, Faculty of Science, University of Kelaniya, Sri Lanka
Dr V Sivaraman, Indra Ganesan College of Engineering, Trichchirappalli, India
